SUMMARY

Project manager with extensive accomplishment in product development, systems planning, engineering and implementation, operations supervision, and market research. Seeking challenging opportunity to use broad background and cross-functional collaborative skills in a key project role.

EXPERIENCE / ACCOMPLISHMENTS**Project Manager - GENUITY / GTE INTERNETWORKING, Columbia, MD (1998 – 2002)**

Directed the project that successfully migrated AOL's IP backbone and dial access to a more cost-effective higher profit margin infrastructure, from frame relay to ATM on OC-192 optical fiber. Reduced the infrastructure cost per provided modem from \$105 down to \$55.

Project Manager - WORLDCOM / MCI Corp., Rye Brook, NY (1997 – 1998)

Directed and performed analysis and utilization of operations test, billing and traffic data to drive profit, performance and service quality improvement for international telecommunications.

VERIZON / NYNEX Corporation, White Plains and New York, NY (1987 – 1997)**Project Engineer - Network & Technology Planning (1992-97)**

- Coordinated technical support for project team introducing new voice and data telecom systems and services, including Cellular / PCS interconnection, voice messaging, Audiotex (IVR), voice recognition dialing, operator voice synthesis and LCD smart phone interconnection.
- Coordinated Wireless Provider interconnection development including Cellular SS7, AIN & ISDN interfaces and Technical Service Description and RFP response for Personal Communications Services (PCS).
- Spearheaded projects enhancing billing and usage measurement systems for Local Number Portability and SS7 Intelligent Network access services and supported process reengineering for new products.

Manager - Publishing (1987-91)

- Managed operations of Corporate Publishing pre-press and printing centers, including facility / systems planning, customer service and production, in Middleton, MA, White Plains and New York, NY.
- Established and managed in-house publishing typographic centers achieving \$305,000 first-year expense savings and revenues of \$1.8 and \$2.5 million in two subsequent years as a profit center.

ADDITIONAL EXPERIENCE**Staff Director – Treasury – NYNEX Corporation**

- Accomplished SEC filings for the new NYNEX Corporation as a member of AT&T Divestiture Team.
- Spearheaded startup of SEC EDGAR system, improving filing cost and timeliness.
- Supervised Treasury cash management group of twelve. Provided leadership through a system and process reengineering that led to major efficiencies.

Staff Director - Market Research and Planning - NY Telephone Company

Provided client interface for marketing / statistical database. Performed market research, analysis and planning studies, utilizing SPSS on customer billing and questionnaire demographic and psychographic data, enhancing telecom product and service marketing. Represented Northeast Region on Bell System Market Research Steering Committee and piloted initial in-house use of marketing / statistical database system bringing research benefits closer to internal clients.

Engineer - Traffic & Operations Planning - NY Telephone Company

Designed telephone switching systems / networks based on traffic engineering and economic criteria. Performed capital budgeting, project control and oversight of installation projects. Created technical and economic guidelines for development of International Direct Dialing.

Patent Examiner - US Patent & Trademark Office

Evaluation of Wireless Communications technology applications for patentability.

SKILLS / TRAINING

Working knowledge of MS Word, Excel, Access & Project, Internet, ArcGIS, information search software and printing pre-press processes.

Project skills including project scoping, WBS, CPM, cost/schedule tracking and earned value analysis.

Data communications including LAN / WAN, IP, ATM, SONET, DWDM, ISDN, SS7, TDMA and CDMA.
